Dear Bill

Getting ready to ship the "Thornton Box". I think - The best way will be by Railway Express. Also I'm going to ship it C.O.D. since we are getting low on money (to close to payday).

Scott called ~~me~~ and said that you were suppose to have ^{me} a blank check. He said his bill was fourteen dollars.

Mailed your tax and Nancy typed the invoice yesterday. There is some mix up about the job you did for Dr. Fisher. He asked me if you were suppose to pay for the Rec- & X-ray units that was ordered or was the dept to pay for it. I told him that your bill \$916.⁰⁰ and the Audio Dept was to pay another. - Also I told Mac to get things straight.

Nothing new going on around here. Rick got some burns from the glue on his last trip - He still hasn't found the trouble in the stuns yet.

Give my regards to the family. Haven't heard anything from Miss Kuster lately, but this I glad for.

Bill Cruch

P.S. Enclosed is Bo's Rabies Tag -
