Dear Dr. Gibson,

Your exhibit at the meeting of the A. H. A. was very stimulating. If you have any difficulty locating the book by Boas and Goldschmidt kindly let me know and I will loan you my copy. The article by Boas and myself was in the Journal A. M. A. for June 1929-Vol. 92:2162.

I have written to the Avionics Corporation when the circuits for your transmitter are available I would appreciate it if you would inform me.

Sincerely yours,

Morris M. Weiss
