note preflight weight loss - see wts - why?

Isotopes started.

ECG - 5 min resting on each -

Rate? _____

Lots of stuff from.

R+3. Stand up. OK

R+10

OK

OK

Pale

Tired - Slept. 7
To urinate - fainted onfloor -
Better lie down -
Syncope again 20 min down.No trouble to geometry.
5 PRCs all.Stu reduced. Pale test - no B.P. -
+ not repeated. faint. 3 min

Repeat 7 hrs later.

no notes lying flat to sitting.

Reel wine on Ed. all helped.
all gained Ca.

al 60 → 70 in.

Stu 100-105.

All had erythema around sensor sites. Papular rash.

Ed - conjunctivitis later in day - every day -

Stu didn't eat well - 1 juice only.

no comments on exercise night.

no vestib. symptoms.

who took vitamins?

nose gts? stuffy?
