

DATE: October 7, 1997

TO: Dr. William Jacobs, Dr. Cam Patterson, Dr. David Ware,  
Dr. John Wallace

FROM: Dr. William Thornton *W.T.*

SUBJECT: Senior Cardiology Elective

---

The recent change in students' curricula and schedule has decimated all electives including this one and there were again insufficient students to make the October session practical so it is canceled October 10-November 7). The November and December schedule is still planned but will depend on student response, which will in turn determine future directions.
