DE2/69/8

SUBJECT: IMBLMS contractors' reviews

Critical contractors' reviews are scheduled at both IMBLMS contractors' plants for June 11 and 12 (General Electric Company, King of Prussia, Pennsylvania) and June 19 and 20 (Lockheed Missiles and Space Company, Sunnyvale, California). These are Preliminary Design Reviews (PDR's) of the end products of the contractors' Phase B3 Task II efforts which include:

- a. The Functional Breadboard (FBB) design
- b. The FBB Safety Analysis
- c. An Operational Procedures draft
- d. Plans for substitution of functional simulations
- e. A list of design modification incorporations necessitated by FBB operational constraints

This office will appreciate your attendance at both reviews. Please advise Mrs. Blamey (X-5991) by June 2, 1969, of your attendance so that badging arrangements may be made.
