

NOTE OF INTEREST

TO: CB/M. O. Meider

FROM: DH3/R. W. Nygren

SUBJECT: Shuttle Crew Patches and Decals

In the past I have been coordinating with each STS Mission Commander on the patch and decal requirements for the launch and landing sites. Since the commanders delegate the responsibility of coordinating the requests and delegation of the goodies to you, I felt it would be appropriate to just send my request to you and then you can integrate it into the pool. As in the past I would like to request 650 patches and decals for each mission. These will be distributed to the launch team, landing team, Flightcrew Equipment team, Cargo processing team, and a few given out to the individual C²'s and VITT engineers to be passed out to those deserving special consideration.

If you would coordinate this request with the commanders I would appreciate it and I'm sure they would enjoy discussing it with you more than with me.

Mary Lee,
This looks much more
efficient to me.
