Attention: Mr. Bill Thornton

Reference : Quote No. 141  
Subject : Servo System

Gentlemen:

In accordance with the conversations between your Mr. Bill Thornton and our Mr. Robert Bowditch we are pleased to submit our quotation for a servo system to comply with your requirements as has been previously discussed. Our quotation is based on a solution by two different methods. We quote as follows:

Method A

This method is based on Modern Industries, Inc. supplying the input transducer for the system.

Quantity

Price

2

\$1,250.00 Ea. per system

Method B

This method is based on Modern Industries, Inc. supplying a unit that is capable of accepting vector signals from 2 stators of a CPC-A11-2 resolver without loading either of these outputs.

Quantity

Price

2

\$1,350.00 Ea. per system

Delivery can be completed within 4 weeks from receipt of your purchase order. Our terms are net 30 days and all prices quoted are f.o.b. our plant.

In the event we can use any of the components from your existing system we will deduct the cost of the materials from the purchase price.

Thank you for giving us this opportunity of quoting on your requirements.

Very truly yours

MODERN INDUSTRIES, INC.
