SUBJ: STS-8 Coffee Cup/Beer Mug Order

It's STS-8 coffee cup/beer mug order time. In addition to the flight patch/mission control patch combination seen previously, the STS-8 crew would like to give all CB personnel the option of having the official STS-8 patch on one side of the cup/mug, their "unofficial" night launch/night landing patch on the other (see below).

Cups and mugs from all previous missions can also be back ordered at this time. Prices are as follows, and a check made out to the Astronaut Fund must accompany your order.

a. Decals only

- Coffee Cup \$5.50
- Beer Mug \$7.00

b. Decals and names (name and/or position, i.e., "CAPCOM", Support, 21 letters max).

- Coffee Cup \$6.50
- Beer Mug \$8.00

Bring your check/cash/money order to me with the following information:

- a. Number and type of cups (coffee or mug).
- b. Decal combination (official STS-8 patch, "unofficial" STS-8 patch, any other STS mission patch, mission control patch).
- c. Names and/or positions to appear on cups.
