

HEADQUARTERS  
AEROSPACE MEDICAL DIVISION  
AIR FORCE SYSTEMS COMMAND  
UNITED STATES AIR FORCE  
BROOKS AIR FORCE BASE, TEXAS

REPLY TO  
ATTN OF:

AMSPM

27 Apr 65

SUBJECT:

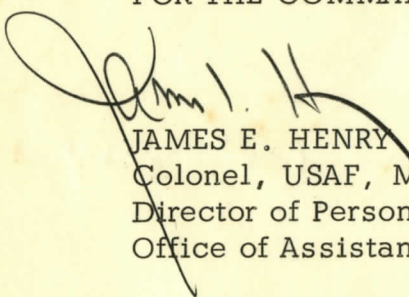

Assignment for Research and Development  
Officers of the Medical Service

TO:

CPT THORNTON (AMGB)

1. Qualified officers of the Medical Services may elect to limit their careers to scientific research, development, test and evaluation, and RDT&E program management.
2. Each career Medical Service officer who considers himself sufficiently trained and experienced for assignment in these fields, or if currently assigned desires to remain in these fields, should submit the attached letter, through normal channels.
3. Final determination of qualification for RDT&E assignments will be made by Hq USAF and assignments of qualified individuals will be made within the limits of suitable position vacancies in the USAF RDT&E structure.
4. Request you complete the attached letter and return to Hq AMD (AMSPM-1) not later than 31 May 1965.

FOR THE COMMANDER

  
JAMES E. HENRY  
Colonel, USAF, MSC  
Director of Personnel  
Office of Assistant for Staff Support
