Reply to Attn of: SD/90

February 26, 1990

TO: SD/J. Travis Brown
FROM: SD/William E. Thornton, M.D.
SUBJECT: Editorial Support

It is now obvious that my time will be almost fully occupied with contractual matters for the foreseeable future such that I will not be able to provide the direction coordination required for editorial/reference research support. It is my recommendation that the support arrangement you made be terminated until further notice.

William E. Thornton, M.D.
