

NASA Astronaut Will Speak Here

Dr. William E. Thornton, NASA scientist-astronaut, will lecture at Everhart Museum, Wednesday at 8 p.m.

The free lecture is open to the public.

The appearance of Dr. Thorn-

DR. W. E. THORNTON

ton marks the close of a year-long public service program sponsored by the Museum Association of Scranton, Inc., said Jeffery Graham, chairman.

Dr. Thornton is engaged in space medicine and is completing training in preparation for future NASA manned-space flights.

The astronaut will hold a seminar for local physicians and surgeons at Community Medical Center and also will address the Kiwanis Club. Mayor Eugene Peters also will welcome him at City Hall.
