Dear Mr. TerBeek:
Dear Dr. Gaume:

The February 1972 issue of the Journal of the Aerospace Medical Association will be presented at the Annual Meeting of the Aerospace Medical Association in May, at Miami Beach. I am sorry to say that the paper has been withdrawn, and a copy is not presently available. However, I am planning to prepare the paper for another meeting in September, 1972, and when it is finished I would be pleased to send you a copy. This should be in May or June.

Your attention to this request will be greatly appreciated.

Sincerely,

Jack TerBeek
