

# INSTRUMENT SOCIETY of AMERICA

## ISA OFFICERS

### President

W. A. Crawford  
E. I. du Pont de Nemours  
& Co., Inc.

### President-elect-Secretary

J. G. Truxal  
Polytechnic Institute of Brooklyn

### Past President

A. E. Lee  
Stanford Research Institute

### Treasurer

P. M. Hankison  
Hankison Corporation

### Departmental Vice Presidents

#### Technical Department

M. D. Weiss  
U. S. Rubber Co.

#### Standards & Practices Dept.

E. C. Hutchison  
Heat Technology Laboratories

#### Education & Research Dept.

E. J. Durbin  
Princeton University

L. E. Slater (-elect)  
Case Institute of  
Technology

#### Publications Department

C. O. Badgett  
Industrial Nucleonics Corp.

#### Industries & Sciences Dept.

R. R. Webster  
Jones & Laughlin Steel Corp.

T. J. Williams (-elect)  
Monsanto Co.

### istrict Vice Presidents

W. J. Kenny (I)  
Grumman Aircraft  
Engineering Corp.

C. B. Anderman, Jr. (II)  
Armstrong Cork Company

W. G. S. Fort (III)  
Union Carbide Nuclear Co.

A. H. Hix (IV)  
Union Carbide Corp.

C. L. Roberson (V)  
Owens-Corning Fiberglas Corp.

J. T. Anagnost (VI)  
DeVry Technical Institute

W. J. Gabriel (VII)  
General Dynamics/Fort Worth

R. P. Baker (VIII)  
Sandia Corporation

C. E. Huck (IX)  
General Electric Company

H. H. Madgett (X)  
Bailey Meter Co., Ltd.

J. C. Groenewegen (XI)  
Crawford Fitting Co.

### istants to the President

A. R. Parsons  
Honeywell

H. T. Marcy  
International Business  
Machines Corporation

### ector of Society Operations

H. S. Kindler  
Instrument Society of America

### ournal Publisher &

### xhibit Director

W. H. Kushnick  
Instrument Society of America

address reply to:

L. E. Slater  
Executive Secretary  
BIAC - AIBS  
3900 Wisconsin Avenue NW  
Washington, D. C. 20016

Dr. Quentin Hartwig  
Technology Utilization Division  
National Aeronautics and Space Administration  
Washington, D. C. 20546

Dear Doctor Hartwig:

It gives me a good deal of pleasure to extend the invitation of the Instrument Society of America to the Technology Utilization Division of NASA to join the Society as a sponsor of the special program on Technology Utilization which is planned within the 4th National ISA Biomedical Instrumentation Symposium which will be held at the Disneyland Hotel in Anaheim, California, May 15 - 17, 1966.

As you know, a complete day is planned, during the three day program, which will be devoted to exploring how devices and techniques developed for solving problems in the biological and medical areas of space have practical application in terrestrial biomedicine. We anticipate that most, if not all of the speakers in the three sessions this day, will come from the life sciences groups in NASA research centers or from major NASA contractor groups. In addition we have taken steps to secure exhibit space for NASA where the pertinent devices and techniques described in the sessions will be on display.

We expect a very high quality group of attendees at the ISA Symposium - up to 500 medical doctors, life scientists and bioinstrumentation people will make up the bulk of registrants. We believe that the special Technology Utilization Program will be the high point of the Symposium and an extremely useful new way - from the person-to-person standpoint - to explore the many unexplained aspects of technological transform in bioinstrumentation and associated technique.

Please let me know as soon as possible if we can formally add the sponsorship of your office to our printed announcements of the meeting.

Cordially yours,

*Lloyd E. Slater*  
Lloyd E. Slater

Vice President - Education & Research
