U.S. - USSR EDITORIAL BOARD

The fourth meeting of the Joint United States-USSR Editorial Board for the preparation and publication of a review of space biology and medicine convenes May 1 in Washington, D.C., for a four-day session.

The joint review of research in space biology and medicine is being carried forward under an Oct. 8, 1965 Memorandum of Understanding between the National Aeronautics and Space Administration and the USSR Academy of Sciences. The agreement provides for a joint editorial board and for full cooperation by both sides in the preparation of materials available in the two countries, selection of authors and publication of their work.
