Affiliated with the A. A. A. S.

April 7, 1961

Dr. James G. Gaume
The Martin Company
Denver 1, Colorado

Dear Dr. Gaume:

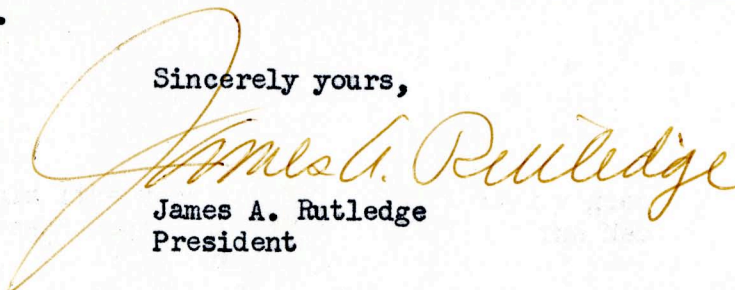

Thank you for your letter of March 15, 1961. The information furnished therein and in accompanying detail has furnished us with an excellent basis for publicity and program information with regard to your lecture at the Nebraska Academy of Sciences at 11:00 a.m. on April 14.

As I indicated to you previously, the lecture will be delivered in the Love Memorial Library Auditorium located on the first floor of the library building on the campus of the University of Nebraska. The reservation made for you at the Cornhusker Hotel places you only a short distance from the campus which is in downtown Lincoln. We are just now making a mailing of Academy programs to our membership. I shall forward one to you within a day or two.

We shall have ready for your use a 35 millimeter slide projector, a 3 $\frac{1}{4}$ " x 4" slide projector, and a blackboard. We have also requested an operator who will project your materials as needed.

If I can assist you in any way upon your arrival in Lincoln, please let me know your time of arrival. My name is in the telephone book, and you may feel free to contact me when you arrive in Lincoln if this is your preference. We are delighted that you have found it possible to be with us and deliver your lecture on April 14. I look forward to meeting you and to hearing your lecture. If you find it possible to remain in Lincoln over Friday evening, I would like very much to have you as my guest at the Nebraska Academy of Sciences Banquet which will be held in the Nebraska Union at 6:00 p.m. Friday.

Sincerely yours,

James A. Rutledge
President
