Dear Mr. Whitmore:

Your proposal for the design and manufacture of a second generation treadmill is considered to have sufficient merit to warrant further consideration and evaluation for possible use in the Space Station exercise subsystem.

We propose to fund this effort, as described in your proposal, with the following stipulations: The established price of \$50,000, will be payable in two increments; \$25,000 at the beginning of the contract and the balance of \$25,000 upon delivery and acceptance of the working device. Delivery will be to our Medical Operations Branch located in Bldg. 37, Johnson Space Center, Houston, Texas 77058. The start date of the contract will be the date of your acceptance of this agreement.

If you agree with this arrangement, please sign the acceptance below and return the original to this office. A self-addressed, stamped envelope is enclosed for your convenience. Upon receipt of a signed contract, a Purchase Order will be issued. To expedite payment, you may forward the invoice for your initial payment along with the signed contract.
