Redondo Beach, California 90278

Dear Mr. Dergarabedian:

I am deeply honored to be selected as the recipient of the Melbourne W. Boynton Award. I humbly accept the award in the name of all those who have worked so long and hard to prove that man is capable of long duration spaceflight. I will plan to attend the Honors Night Dinner, Tuesday, 24 May to receive the Award unless prevented by the flight schedule of Gemini IX.

My correct name and title appear in the signature block of this letter. Thank you for the honor bestowed upon me and upon the medical program of the NASA Manned Spaceflight Program.

Sincerely,

Charles A. Berry, M.D.
Chief of Center Medical
