ASHTON GRAYBIEL SPATIAL ORIENTATION LABORATORY

11 March 1985

Dear Bill:

I have enclosed the "Brandeis Package" for your flight. It includes a poster announcing the dedication of the Graybiel Laboratory, and some University Memorabilia from the President's office - flag, book, medallions. I hope it is o'k - please have it repackaged as you see fit.

I am tremendously grateful to you for thinking of me. Both Ann and I are also looking forward to seeing you launch.

Warm regards and best wishes,
Jim
