Dear Dr. Thornton,

Thank you for your thoughtful comments to the discontinuation of the exercise treadmill test in the LSAH study. You have made some very good points. I will share your letter with a few of my colleagues. I will let you know our thoughts on this topic.

Have a nice weekend,  
Kathleen

**Subject:** LSAH Treadmill Test

Dear Dr. McMonigal: Enclosed is my rationale for exercise stress testing in LSAH which includes a measure of personal feelings. In any event I shall be at JSC for my next scheduled exam on April 1st. Should you have any time I would like to tag up for a few minutes.

With best regards, Bill.
