Professor A. P. Willmore
Professor of Space Research
The University of Birmingham
Edgbaston
Birmingham B15 2TT
United Kingdom

Dear Professor Willmore:

Thank you for your letter and invitation. It would be a pleasure to see your work as suggested and to have lunch. While my last 25 years have been dominated by life sciences, the University of Birmingham has remained a technological Mecca from my early days in Physics and work in military radar. Also, several of my Astronaut class flew on Spacelab-2 with your instrumentation. I look forward to meeting you and the visit to the University.

Sincerely,

A handwritten signature in cursive script that reads "W. Thornton".

William E. Thornton, M.D.
NASA Astronaut
