

Mr Macklin the parts enclosed are returned for credit if possible. They should have been returned earlier. No excuse on the switch but the rectifiers came a few days before we left for the summer.

You have 6 RTMIT micro switches back ordered to deliver on the 23rd. If this date should slip for any reason please let me know immediately. I'll be glad to pay for air shipment or any other expedient on these items.

Respectfully
H. Stanton
