Mr. William Thornton  
Box 117  
Fason, North Carolina

Dear Mr. Thornton:

Enclosed you will find your copy of the "Interim Report On Development And Evaluation Of Firing Error Indicator" which you so graciously loaned to us at San Diego.

We are evaluating the application of such an installation and feel that the method has much merit.

Your cooperation and the effort expended on this problem has been greatly appreciated.

Yours truly,

C O N V A I R  
A Division of General Dynamics Corporation  
(San Diego)
