Dear Jim:

Just to let you know that under separate cover we are sending you the following anatomical models for use by Dr. Berry on his TV appearances: heart, arteriole, hand, head, hip, foot, and knee.

Also, from our film distributor we are sending you a print of the film "Moonflights and Medicine." Howard Ferguson may have written to you about this independently. The film is cleared for TV use.

Let me know if we can be of further help. I'll be interested to learn how the show works out.

Best regards.

Sincerely,

Richard C. Bostwick  
Director of Public Relations
