

Bicentennial Medicine :-

- ✓ Look back at 200 yrs. + 200 yrs. ahead.
- ✓ Many experts around - Ca, heart disease etc.
- ✓ My viewpoint ~~from~~ as a physician privileged to pioneer a new medical area - applied medicine - and then apply that knowledge to medicine here on earth. - Prev. Med. my game!

They will be like .T.B. sanitaria -
Health Education more important in future than training a surgeon.

✓ Honored to be asked to contribute to our present view of med.

Looking at last 200 yrs many brilliant med discoveries, controls of dis. etc.

still one life among the many was from safely conducting his greatest

Adventure yet - entering space + returning safely. My point to face the challenge can't wait + to be given the right to serve humankind.

✓ Aired year 2000 - next 200 yrs etc by restarting

They'd a multi-disc team - Johns hopk, Columbia, Universities
indeed the whole nation working together for common goal as it did in 1776.

Unknown to abstention will-man changes total - carbonism.

Greatest legacy to earth med - quite sky high paper.
On - number OK funding minim max?

③ What about the future - How Linda a HSC - health care setting.
Exciting time again, meeting some challenges to our current views.
operation in health care.

Prev. Med.
① Redefine rules people can play on the team

Much we can do nothing about.
Don't deprive pt. of help of other "leaders".

② Need a medical workshop like S/C Eng. to follow pt. thru those.
Health educ. help here too.

Humanism lecture re-types

④ With all sci + technical avail + info on construction - R_e etc. Pt. - He person still wants love + consideration as a human being + the R_e Lower sci. will feel if we feel to recog + give this. Reforming great awareness, common

Recs: Provision Money Books 10 10000 APB.

Community Med!

② Re-orientated to med progress.
Don't to our feet.
but - knowing know
doing - asking dis more
improvement
Space = improvement
withing eng.

Need point for health what we are doing in the world today?

spc engineer type for pt.
