Dear Mr. Wolff,

Doctor E. Stewart Taylor, Professor and Chairman of the Department of Obstetrics and Gynecology, Doctor Paul D. Bruns, Professor, and I are very much interested in having Doctor James G. Gaume as the speaker for our March 12, 1962, Departmental Seminar, 12:30 to 1:30 P.M. here at the University of Colorado Medical Center.

The audience will consist of junior and senior medical students, the Obstetrical and Gynecological house staff, the full time members of the department, some members of the Denver Gynecological and Obstetrical Society, nurses, social service workers and some technicians from our research laboratories. Usually we have between 50 and 75 persons attending.

I have discussed this date with Dr. Gaume and, company business permitting, he has consented to accept our invitation.

Sincerely,

Vera Drose
